End user account activation procedure

After you have received your account login details from your reseller, you as end user, have to activate your account before you can use it. The procedure is quite simple:

Go to www.sagemserver.net , press **ACTIVATE BoxSn**, after this enter the login and password provided by your reseller, than enter **YOUR ORIGINAL** and **ACTIVATED** pkey serial number, than press the button **ACTIVATE**. You will get a confirmation “activation done”.

Look at the sample screenshots below! If you have any additional question, please contact your reseller.
